

6 KEY STEPS

FOR A COMPLAINT TO BE ADMISSIBLE WITH THE AMP

You're an interested person or company and you believe that the terms of a call for tenders or a notice of intent don't comply with the contractual rules in force or do not ensure fair treatment of competitors? You can file a complaint with the Autorité des marchés publics (AMP).

Before filing, please make sure that...

Deadline for filing a complaint with the AMP

Complaint regarding a public call for tenders:

- If you've filed a complaint with the PB regarding the public tender documents: no later than three days after receipt of the PB's reply to your complaint; or if, no later than three days before the deadline for receipt of bids, you have not received a response from the PB.
- In the event that the grounds for your complaint concern an amendment made by addendum to the call for tenders documents: no later than two days before the deadline for receipt of bids.

Complaint regarding a contract concluded by mutual agreement:

- If you've expressed your interest in entering into the contract with the PB: at the latest three days following receipt of the reply of the PB with regard to this expression of interest; or at the earliest three days and at the latest one day before the scheduled date of conclusion of the contract if you haven't received the decision of the PB.
- In the event that the notice of intent required by law has not been published, at any time.
